

Aarav Shah

aarav.shah@email.com | +91-9876543210 | Mumbai, India | github.com/aaravshah

SUMMARY

Senior Machine Learning Engineer with 7 years of experience building production ML systems. Deep expertise in Python, TensorFlow, PyTorch and cloud-native MLOps pipelines on AWS.

EXPERIENCE

Senior ML Engineer | DataCore AI, Mumbai | 2020–Present

Led a team of 6 to build real-time fraud detection model using PyTorch and Kafka. Reduced false positives by 34%. Deployed on AWS using Docker and Kubernetes with CI/CD via GitHub Actions.

ML Engineer | Infosys, Pune | 2017–2020

Built NLP pipelines using spaCy and NLTK for document classification. Used scikit-learn and XGBoost for churn prediction. Managed PostgreSQL and MongoDB databases.

EDUCATION

B.Tech Computer Science, IIT Bombay, 2017

SKILLS

Python, TensorFlow, PyTorch, scikit-learn, XGBoost, Pandas, NumPy, spaCy, NLTK, AWS, Docker, Kubernetes, Kafka, GitHub Actions, CI/CD, PostgreSQL, MongoDB, MLflow, Airflow, deep learning, NLP, machine learning
